

Teaching the Bioinformatics Tutorial

Evaluation Form — 100 points

EEB 603 Reproducible Science — Boise State University

Fall 2026

Student(s): _____

Chapter: _____

Date: _____

Evaluator: _____

1. Overview of the Assignment

This rubric evaluates the quality of students' presentations and their effectiveness in teaching bioinformatics tutorials during laboratory sessions. Students are expected to:

- Deliver their tutorial clearly and engagingly.
- Support peers by answering questions, guiding through exercises, and troubleshooting issues.
- Develop exercises and activities that reinforce the tutorial content and align with learning outcomes.

2. Rubric

A. Presentation Quality and Clarity — 20 points

Criteria

- **Organization and Structure (8 pts):** Presentation is clear, well-organized, and follows a logical flow.
- **Delivery and Communication (8 pts):** Presenter speaks clearly, maintains pace, and engages the audience.
- **Visual Quality of Slides or Materials (4 pts):** Visuals are readable, well-designed, and support understanding.

Comments:

Score: _____ / 20

B. Explanation of Key Concepts — 20 points

Criteria

- **Accuracy and Depth (10 pts):** Concepts from the tutorial are explained correctly with appropriate detail.
- **Clarity of Instruction (10 pts):** Presenter explains steps, functions, and workflows in a way peers can follow.

Comments:

Score: _____ / 20

C. Guidance Through the Tutorial — 20 points

Criteria

- **Demonstration of Steps (10 pts):** Presenter walks peers through the tutorial clearly and methodically.
- **Support and Troubleshooting (10 pts):** Offers helpful guidance for common issues, errors, or misunderstandings.

Comments:

Score: _____ / 20

D. Development of Exercises and Activities — 15 points

Criteria

- **Alignment with Learning Outcomes (8 pts):** Exercises and activities clearly reinforce the stated learning outcomes.
- **Creativity and Engagement (7 pts):** Activities are well-designed, interactive, and encourage active learning.

Comments:

Score: _____ / 15

E. Engagement and Facilitation During Lab Session — 15 points

Criteria

- **Interaction with Peers (8 pts):** Encourages questions, checks understanding, and involves peers in discussion.
- **Responsiveness (7 pts):** Effectively answers questions and provides helpful explanations or clarifications.

Comments:

Score: _____ / 15

F. Professionalism and Preparedness — 10 points

Criteria

- **Preparation (5 pts):** Presentation is uploaded on time; presenter is ready with all materials.
- **Professional Conduct (5 pts):** Demonstrates responsibility, respect, and leadership during the teaching session.

Comments:

Score: _____ / 10

3. Score Summary

Section	Points	Score
A. Presentation Quality and Clarity	20	
B. Explanation of Key Concepts	20	
C. Guidance Through the Tutorial	20	
D. Development of Exercises and Activities	15	
E. Engagement and Facilitation During Lab Session	15	
F. Professionalism and Preparedness	10	
TOTAL	100	

4. Feedback Summary

Strengths

Areas for Improvement
